DO YOU HAVE WHAT IT TAKES TO BE CROWNED BRITAIN'S

BEST LEGO BUILDER?

LEGO MASTERS

Do you love to build awesome creations? We are looking for brick obsessed pairs of all ages to register interest in a second series of 'LEGO MASTERS' on Channel 4 to find Britain's most talented amateur builders.

Please email build@tuesdayschild.tv to register your interest. If you are under 18 please ask a parent or guardian to email on your behalf. Unfortunately, we won't be able to answer all the requests individually. Applicants must be 9+.

TUESDAY'S CHILD

We would like to welcome Nicole Humphries to the St Luke's team. She will be joining us as one of our cleaners and also as a relief Midday Assistant (MDA).

WANTED

Foundation Stage are on the hunt for any old, unwanted mobile phones or cameras for their role play area.

If you have any laying around, that you no longer need, please bring into the school office where they will be made good use of.

Parent & Toddler Group

The Parent and Toddler Group meet on Monday mornings from 9.15am. The new, earlier time means that parents or carers can drop any older children off

at school and then bring their toddlers straight to Saint Luke's Church Extension.

We have a wide range of toys and activities including ride along toys, role-play toys, dressing up box and a slide and tunnel. We also have an activity table to encourage the children to try painting, collage, card making, play dough, and puzzles.

There is a small charge for each family to cover the cost of refreshments and to provide the group with new toys and activities. We are always happy to greet new families.

Did you know?

...researchers found that children who went to bed at the same time each night, performed better at reading and maths than those who went to bed at different times!

DATES		EVENT	PARENTS INVITED
Jan	18th	USA 'Build a Burger' themed school dinner. 	No
	26th	Class 5 assembly at 9.15am. Class 11 assembly at 2.30pm.	Yes Yes

	30th Mar - 16th Apr	Easter Break 	
Sep	4th	Non-pupil day	No
	5th	Pupils return to school	No

CONFETTI SLIME RECIPE

INGREDIENTS:

PVA, white or clear glue

Bicarbonate of Soda

Contact Lens Solution (make sure the one you buy contains boric acid (borax) in the ingredients list. It simply won't work without this.)

Large colourful confetti

METHOD:

- Tip 1 cup of the PVA glue into a clean bowl.
- Then add 1 teaspoon of bicarbonate of soda.
- Mix them together.
- Next add 1-2 tablespoons of contact lens solution.
- Mix with a spoon until it starts to become stringy, coming away from the edges of the bowl (almost like when you're cooking eggs.)
- At this stage take it out of the bowl and knead it between your hands. It will start off sticking to them but within about 20 seconds it will firm up and stick only to itself, becoming elastic and super stretchy.
- Sprinkle a large amount of the confetti over the top and mix it in. If for some reason it's still too sticky then add just a few more drops of contact lens solution until it's just right. Be careful as too much will result in it becoming brittle and snapping.

Now stretch it, squeeze it, roll it, skip with it, snip it with scissors, poke fingers into it, make air bubbles and pop them and PLAY!!

SLIME CLEANING TIP:

If the kids get the slime on their clothes ... DON'T PANIC! Simply squirt on washing up liquid, leave it to soak in a bowl of water and then wash as usual in the machine.

Dear God,

We give you our school. We give you all the teachers and staff who work here. We give you all the children who study here. We pray our school will continue to be a place of great discovery, adventure and creativity. May it be a place where we love to learn and where we learn to love. A place where every one is respected and all are deeply valued. We ask all this through Jesus Christ our Lord. Amen.
