CHILD PROTECTION POLICY FOR **St Luke's C of E Primary SCHOOL**

1. Introduction

Schools and their staff form part of the wider safeguarding system for children. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.

(Keeping Children Safe in Education – DfE, 2018)

This Child Protection policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the safeguarding arrangements for our school and should be read in conjunction with the following:

- Keeping Children Safe in Education (DfE, 2018)
- the school Behaviour policy;
- the school Staff Behaviour policy (sometimes called Staff Code of Conduct);
- the safeguarding response to children missing from education
- the role of the designated safeguarding lead (Annex B of KCSIE)

Safeguarding and promoting the welfare of children (*everyone under the age of 18*) is defined in Keeping Children Safe in Education as:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

2. Statutory framework

Section 175 of the Education Act 2002 (*Section 157 for Independent schools*) places a statutory responsibility on the governing body to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.

The development of appropriate procedures and the monitoring of good practice in Essex are the responsibilities of the [Essex Safeguarding Children Board](#) (ESCB). In Essex, all professionals must work in accordance with the [SET Procedures \(ESCB, 2018\)](#).

Our school also works in accordance with the following legislation and guidance (*this is not an exhaustive list*):

[Keeping Children Safe in Education \(DfE, 2018\)](#)

[Working Together \(HMG, 2018\)](#)

Education Act (2002)

[Effective Support for Children and Families in Essex](#) (ESCB, 2017)

[Counter-Terrorism and Security Act \(HMG, 2015\)](#)

[Serious Crime Act 2015](#) (Home Office, 2015)

Children and Social Work Act (2017)

Sexual Offences Act (2003)

Education (Pupil Registration) Regulations 2006

[Information sharing advice for safeguarding practitioners \(HMG, 2018\)](#)

[Data Protection Act \(2018\)](#)

[What to do if you're worried a child is being abused](#) (HMG, 2015)

[Searching, screening and confiscation](#) (DfE, 2018)

Children Act (1989)

Children Act (2004)

[Preventing and Tackling Bullying \(DfE, 2017\)](#)

Female Genital Mutilation Act 2003 (S. 74 - Serious Crime Act 2015)

[Sexual violence and sexual harassment between children in schools and colleges](#) (DfE, 2018)

[Promoting positive emotional well-being and reducing the risk of suicide](#) (ESCB, 2018)

[Keeping pupils and staff safe – management of behaviour in schools, including use of physical contact and restrictive / non-restrictive physical intervention to address difficult and harmful behaviour](#) (ESCB, 2018)

3. Roles and responsibilities

All adults working with or on behalf of children have a responsibility to protect them and to provide a safe environment in which they can learn and achieve their full potential. However, there are key people within schools and the Local Authority who have specific responsibilities under child protection procedures. The names of those in our school with these specific responsibilities (the designated safeguarding lead and deputy designated safeguarding lead) are shown on the cover sheet of this document.

The governing body

The governing body ensures that the policies, procedures and training in our school are effective and comply with the law at all times. It ensures that all required policies relating to safeguarding are in place, that the child protection policy reflects statutory and local guidance and is reviewed at least annually.

The governor for safeguarding arrangements is named on the front cover of this document. This governor takes leadership responsibility for safeguarding arrangements in our school. The governing body ensures there is a named designated safeguarding lead and at least one deputy safeguarding lead in place (also named on the front cover).

The governing body ensures the school contributes to inter-agency working, in line with statutory and local guidance. It ensures that information is shared and stored appropriately and in accordance with statutory requirements.

The governing body ensures that all staff members undergo safeguarding and child protection training at induction and that it is then regularly updated. All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and knowledge to keep our children safe.

The governing body ensures that children are taught about safeguarding, including online, ensuring that that appropriate filters and monitoring systems for online usage are in place. Our children will be taught how to keep themselves safe through teaching and learning opportunities as part of a broad and balanced curriculum.

The governing body and school leadership team are responsible for ensuring the school follows recruitment procedures that help to deter, reject or identify people who might abuse children. It adheres to statutory responsibilities to check adults working with children and has recruitment and selection procedures in place (see the school's 'Safer Recruitment' policy for further information). It ensures that volunteers are appropriately supervised in school.

The Designated Safeguarding Lead (and Deputy)

The designated safeguarding lead in school takes lead responsibility for managing child protection referrals, safeguarding training and raising awareness of all child protection policies and procedures. They ensure that everyone in school (including temporary staff, volunteers and contractors) is aware of these procedures and that they are followed at all times. They act as a source of advice and support for other staff (on child protection matters) and ensure that timely referrals to Essex Children's Social Care (Family Operations Hub) are made in accordance with current SET procedures. They work with the local authority and other agencies as required.

If for any reason the designated safeguarding lead is unavailable, the deputy designated safeguarding lead will act in their absence.

The Headteacher

The Headteacher works in accordance with the requirements upon all school staff. In addition, (s)he ensures that all safeguarding policies and procedures adopted by the governing body are followed by all staff.

All school staff

Everyone in our school has a responsibility to provide a safe learning environment in which our children can learn. All staff members are aware of the local early help process and our role in it. They are aware of signs of abuse and neglect so they are able to identify children who may be in need of help or protection. All staff members are aware of and follow school processes (as set out in this policy) and are aware of how to make a referral to Social Care if there is a need to do so. If staff have any concerns about a child's welfare, they must act on them immediately and speak with the designated safeguarding lead (or deputy) – they do not assume that others have taken action.

4. Types of abuse / specific safeguarding issues

Keeping Children Safe in Education (DfE, 2018) defines abuse as the maltreatment of a child.

“Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or another child or children”

The four main types of abuse referred to in Keeping Children Safe in Education are:

- Physical
- Emotional
- Sexual
- Neglect

Our school is aware of the signs of abuse and neglect so we are able to identify children who may be in need of help or protection. All staff are aware of environmental factors which may impact on a child's welfare and safety and understand safeguarding in the wider context (contextual safeguarding). Staff are aware of safeguarding issues that can put children at risk of harm and understand that behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting put children in danger.

Peer on peer abuse

Our school may be the only stable, secure and safe element in the lives of children at risk of, or who have suffered harm. Nevertheless, whilst at school, their behaviour may be challenging and defiant, or they may instead be withdrawn, or display abusive behaviours towards other children. Our school recognises that some children may abuse their peers and any incidents of peer on peer abuse will be managed in the same way as any other child protection concern and will follow the same procedures. We will seek advice and support from other agencies as appropriate.

Peer on peer abuse can manifest itself in many ways. This may include bullying (including cyber bullying), physical abuse, sexual violence / sexual harassment, 'sexting' or initiation / hazing type violence and rituals. We do not tolerate any harmful behaviour in school and will take swift action to intervene where this occurs. We use lessons and assemblies to help children understand, in an age-appropriate way, what abuse is and we encourage them to tell a trusted adult if someone is behaving in a way that makes them feel uncomfortable. Our school understands the different gender issues that can be prevalent when dealing with peer on peer abuse.

Further arrangements for prevention can be found in the Anti-Bullying Policy alongside Appendix E outlining the school's response to incidents.

Children with special educational needs and disabilities

Our school understands that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration
- That they may be more prone to peer group isolation than others
- The potential to be disproportionately impacted by things like bullying, without outwardly showing signs
- Communication difficulties in overcoming these barriers

Children missing from education

All children, regardless of their age, ability, aptitude and any special education needs they may have are entitled to a full-time education. Our school recognises that a child missing education is a potential indicator of abuse or neglect and will follow the school procedures for unauthorised absence and for children missing education. Parents should always inform us of the reason for any absence. Where contact is not made, a referral may be made to another appropriate agency (Missing Education and Child Employment Service, Social Care or Police). Parents are required to provide at least two emergency contact numbers to the school, so we are able to communicate with someone if we need to.

Our school monitors pupils' attendance through a twice daily register with pupils added to the register on the first day that they are expected to attend regardless of if they actually attend. Details of this procedure can be found in the Attendance Policy.

We operate a first day contact service for any unknown absence using at least two emergency contact numbers. Where contact is not made the Police will be informed. If a child is subject to a child protection plan, is a child in care, or there are reasons to be concerned for the child's safety, ECC Children & Families must be informed immediately and the SET procedures followed.

When removing a pupil from roll, we are required to submit a **Statutory Notification of Deletion/Admission from/to Essex School Roll**. It is also our responsibility to ensure that the pupil has started at the new school and that the new school have requested the child's file. Wherever possible we seek confirmation through, for example, sight of a letter of acceptance or a telephone call to the receiving school. If this is not possible, and the receiving school does not request the child's file within 15 days, we will seek further advice from ME&CE@essex.gov.uk (0333 032 2968) for the relevant checks to be made.

While it is the responsibility of the parent/carer to contact the school when an application has been successful, to arrange a start date and ensure that the child is enrolled at our school. If a place is offered, we will attempt to make contact with parents/carers. If this is unsuccessful within 10 days, and the pupil is not placed on roll, we will notify the LA via the [Missing Pupil Checklist](#) that the parent has not taken up the place offered as this pupil is at risk of becoming CME.

Our school must inform the local authority of any pupil who fails to attend school regularly, or has been absent without school permission for a continuous period of 10 days or more and contact cannot be made with the parent/carer to establish the reason for the absence and the absence has not been reported. We notify the LA via the [Missing Pupil Checklist](#).

Actions to be taken when a child goes missing from a school roll can be found in appendix D

Child Sexual Exploitation (CSE)

Child Sexual Exploitation (CSE) is a form of child abuse, which can happen to boys and girls from any background or community. In Essex, the definition of Child Sexual Exploitation (CSE) from the Department of Education (DfE, 2017) has been adopted:

"Child Sexual Exploitation is a form of child sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology".

It is understood that a significant number of children who are victims of CSE go missing from home, care and education at some point. Our school is alert to the signs and indicators of a child becoming at risk of, or subject to, CSE and will take appropriate action to respond to any

concerns. The designated safeguarding lead will lead on these issues and work with other agencies as appropriate. This [one page process map](#) sets out arrangements for CSE in Essex.

Child criminal exploitation

Child criminal exploitation is a geographically widespread form of harm which is a typical feature of county lines criminal activity (county lines is when drug networks or gangs groom and exploit children to carry drugs and money from urban areas to suburban areas and seaside towns). Our school works with key partners locally to prevent and respond to child criminal exploitation.

Domestic abuse

Domestic abuse can take many forms, including psychological, physical, sexual, financial and emotional. Our school recognises that exposure to domestic abuse can have a serious, long-term emotional and psychological impact on children. We work with other key partners and will share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm.

Female Genital Mutilation (FGM)

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to female genital organs. It is illegal in the UK and a form of child abuse.

As of October 2015, the Serious Crime Act 2015 (Home Office, 2015) introduced a duty on teachers (and other professionals) to notify the police of known cases of female genital mutilation where it appears to have been carried out on a girl under the age of 18. Our school will operate in accordance with the statutory requirements relating to this issue, and in line with local safeguarding procedures.

Forced marriage

A forced marriage is one entered into without the full consent of one or both parties. It is where violence, threats or other forms of coercion is used and is a crime. Our staff understand how to report concerns where this may be an issue.

Prevention of radicalisation

As of July 2015, the [Counter-Terrorism and Security Act \(HMG, 2015\)](#) placed a new duty on schools and other education providers. Under section 26 of the Act, schools are required, in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”. This duty is known as the Prevent duty.

It requires schools to:

- teach a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion
- be safe spaces in which children / young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas
- be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues

CHANNEL is a national programme which focuses on providing support at an early stage to people identified as vulnerable to being drawn into terrorism.

Our school works in accordance with local procedures for PREVENT and with other agencies, sharing information and concerns as appropriate (Appendix C).

5. Procedures

Our school works with key local partners to promote the welfare of children and protect them from harm. This includes providing a co-ordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans which provide additional support (through a 'child in need' or a 'child protection' plan).

All staff members have a duty to identify and respond to suspected / actual abuse or disclosures of abuse. Any member of staff, volunteer or visitor to the school who receives a disclosure or allegation of abuse, or suspects that abuse may have occurred **must** report it immediately to the designated safeguarding lead (or, in their absence, the deputy designated safeguarding lead).

All action is taken in accordance with the following guidance;

- Essex Safeguarding Children Board guidelines - the SET (Southend, Essex and Thurrock) Child Protection Procedures (ESCB, 2018)
- [Essex Effective Support](#)
- Keeping Children Safe in Education (DfE, 2018)
- Working Together to Safeguard Children (DfE, 2018)
- 'Effective Support for Children and Families in Essex' (ESCB, 2017)
- PREVENT Duty - Counter-Terrorism and Security Act (HMG, 2015)

Any staff member or visitor to the school will refer any concerns to the designated safeguarding lead or deputy designated safeguarding lead. Where there is risk of immediate harm, concerns

will be referred by telephone to the Children and Families Hub and / or the Police. Less urgent concerns or requests for support will be referred to the Children and Families Hub via the [Essex Effective Support](#) portal. Wherever possible, the school will share any safeguarding concerns, or an intention to refer a child to Children's Social Care, with parents or carers. However, we will not do so where it is felt that to do so could place the child at greater risk of harm or impede a criminal investigation. On occasions, it may be necessary to consult with the Children and Families Hub and / or Essex Police for advice on when to share information with parents / carers.

If a member of staff continues to have concerns about a child and feels the situation is not being addressed or does not appear to be improving, the staff member concerned should press for re-consideration of the case with the designated safeguarding lead.

If, for any reason, the designated safeguarding lead (or deputy) is not available, this should not delay appropriate action being taken. Safeguarding contact details are displayed in the school to ensure that all staff members have unfettered access to safeguarding support, should it be required. Any individual may refer to Social Care where there is suspected or actual risk of harm to a child.

When new staff, volunteers or regular visitors join our school they are informed of the safeguarding arrangements in place, the name of the designated safeguarding lead (and deputy) and how to share concerns with them.

6. Training

The designated safeguarding lead (and deputy) undertake Level 3 child protection training at least every two years. The Headteacher, all staff members and governors receive appropriate child protection training which is regularly updated and in line with advice from the Essex Safeguarding Children Board (ESCB). In addition, all staff members receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Records of any child protection training undertaken is kept for all staff and governors.

The school ensures that the designated safeguarding lead (and deputy) also undertakes training in inter-agency working and other matters as appropriate

7. Professional confidentiality

Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils), or promise to keep a secret. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the designated safeguarding lead and may require further referral to and subsequent investigation by appropriate authorities.

Information on individual child protection cases may be shared by the designated lead (or deputy) with other relevant staff members. This will be on a 'need to know' basis only and where it is in the child's best interests to do so.

8. Records and information sharing

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern held about a child or children within our school and when these records should be shared with other agencies.

Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 2018 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life would not prevent sharing information where there are real safeguarding concerns. Fears about sharing information cannot be allowed to stand in the way of the need to safeguard and promote the welfare of children at risk of abuse or neglect. Generic data flows related to child protection are recorded in our Records of Processing Activity and regularly reviewed; and our online school privacy notices accurately reflect our use of data for child protection purposes.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, will record it as soon as possible, noting what was said or seen (if appropriate, using a body map to record), giving the date, time and location. All records will be dated and signed and will include the action taken. This is then presented to the designated safeguarding lead (or deputy), who will decide on appropriate action and record this accordingly.

Any records related to child protection are kept in an individual child protection file for that child (which is separate to the pupil file). All child protection records are stored securely and confidentially and will be retained for 25 years after the pupil's date of birth, or until they transfer to another school / educational setting.

Where a pupil transfers from our school to another school / educational setting (including colleges), their child protection records will be forwarded to the new educational setting. These will be marked 'Confidential' and for the attention of the receiving school's designated safeguarding lead, with a return address on the envelope so it can be returned to us if it goes astray. We will obtain evidence that the paperwork has been received by the new school and then destroy any copies held in our school. Where appropriate, the designated safeguarding lead may also make contact with the new educational setting in advance of the child's move there, to enable planning so appropriate support is in place when the child arrives.

Where a pupil joins our school, we will request child protection records from the previous educational establishment (if none are received).

9. Interagency working

It is the responsibility of the designated safeguarding lead to ensure that the school is represented at, and that a report is submitted to, any child protection conference called for children on the school roll or previously known to them. Where possible and appropriate, any report will be shared in advance with the parent(s) / carer(s). Whoever attends will be fully briefed on any issues or concerns the school has and be prepared to contribute to the discussions at the conference.

If a child is subject to a Child Protection or a Child in Need plan, the designated safeguarding lead will ensure the child is monitored regarding their school attendance, emotional well-being, academic progress, welfare and presentation. If the school is part of the core group, the designated safeguarding lead will ensure the school is represented, provides appropriate information and contributes to the plan at these meetings. Any concerns about the Child Protection plan and / or the child's welfare will be discussed and recorded at the core group meeting, unless to do so would place the child at further risk of significant harm. In this case the designated safeguarding lead will inform the child's key worker immediately and then record that they have done so and the actions agreed.

10. Allegations about members of the workforce

All staff members are made aware of the boundaries of appropriate behaviour and conduct. These matters form part of staff induction and are outlined in the Staff Behaviour policy / Code of Conduct. The school works in accordance with statutory guidance and the SET procedures (ESCB, 2018) in respect of allegations against an adult working with children (in a paid or voluntary capacity). Section 7 of the current SET procedures provides detailed information on this.

The school has processes in place for reporting any concerns about a member of staff (or any adult working with children). Any concerns about the conduct of a member of staff will be referred to the Headteacher (or the Deputy Headteacher in their absence). This role is distinct from the designated safeguarding lead as the named person should have sufficient status and authority in the school to manage employment procedures. Staffing matters are confidential and the school operates within statutory guidance around Data Protection.

Where the concern involves the headteacher, it should be reported direct to the Chair of Governors.

SET procedures (ESCB, 2018) require that, where an allegation against a member of staff is received, the Headteacher, senior named person or the Chair of Governors must inform the duty Local Authority Designated Officer (LADO) in the Children's Workforce Allegations Management Team on **03330 139 797** within one working day. However, wherever possible, contact with the LADO will be made immediately as they will then advise on how to proceed and whether the

matter requires Police involvement. This will include advice on speaking to pupils and parents and HR. The school does not carry out any investigation before speaking to the LADO.

11. Promoting positive mental health and resilience in school

Positive mental health is the concern of the whole community and we recognise that schools play a key part in this. Our school wants to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. We understand that there are risk factors which increase someone's vulnerability and protective factors that can promote or strengthen resiliency. The more risk factors present in an individual's life, the more protective factors or supportive interventions are required to counter balance and promote further growth of resilience.

It is vital that we work in partnership with parents to support the well-being of our pupils. Parents should share any concerns about the well-being of their child with school, so appropriate support and interventions can be identified and implemented.

12. Use of reasonable force

The term 'reasonable force' covers a broad range of actions used by staff that involve a degree of physical contact to control or restrain children. There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people, such as guiding a child to safety or breaking up a fight. 'Reasonable' means using no more force than is needed. Our school works in accordance with statutory and local guidance on the use of reasonable force (see *section 2*) and recognises that where intervention is required, it should always be considered in a safeguarding context.

13. Whistleblowing

Whistleblowing is 'making a disclosure in the public interest' and occurs when a worker (or member of the wider school community) raises a concern about danger or illegality that affects others, for example pupils in the school or members of the public.

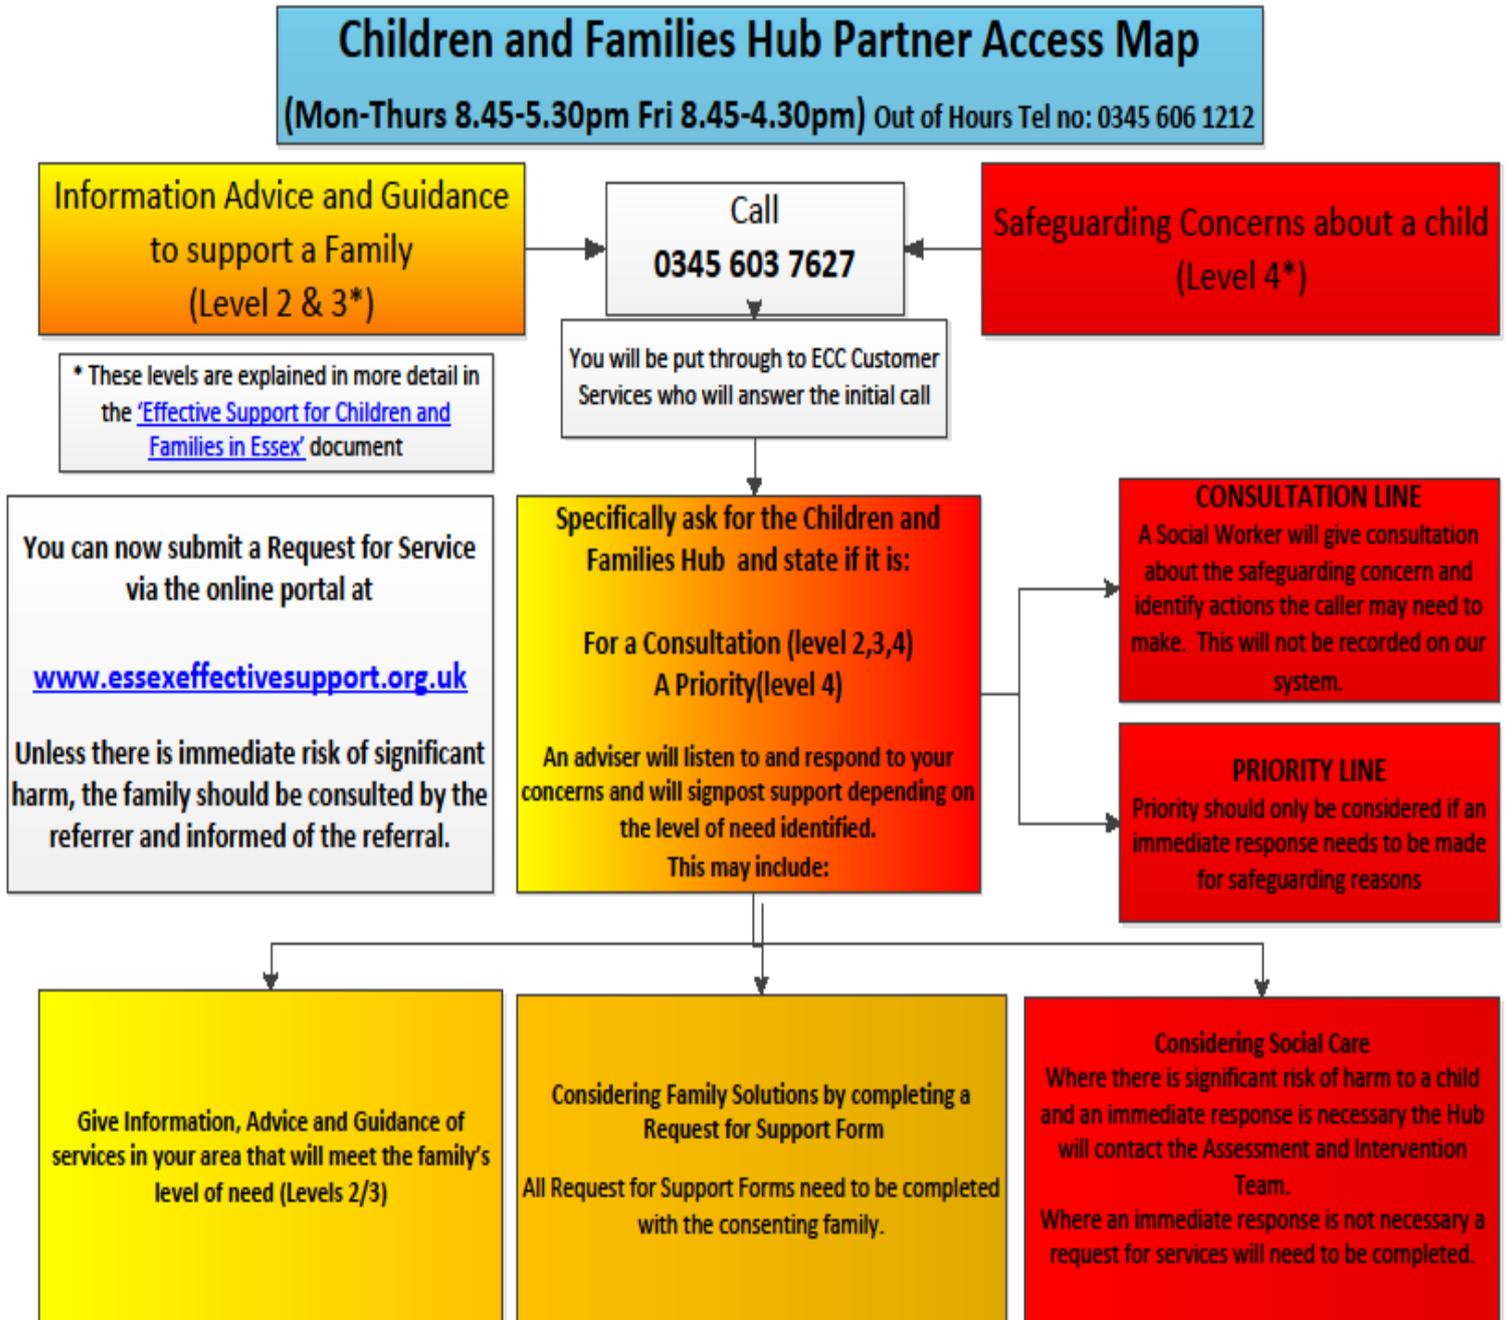

All staff members are made aware of the duty to raise concerns about the attitude or actions of staff in line with the school's Code of Conduct / Whistleblowing policy.

We want everyone to feel able to report any child protection / safeguarding concerns. However, for members of staff who feel unable to raise these concerns internally, they can call the the

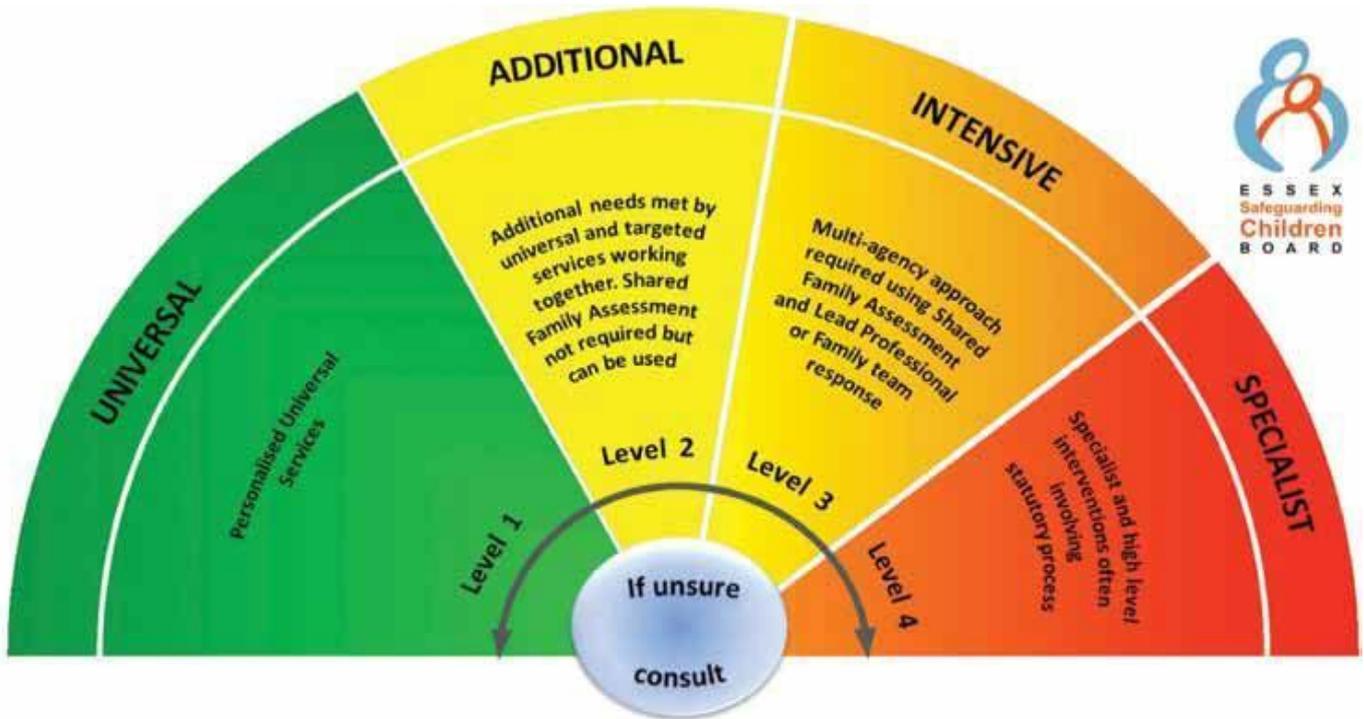

NSPCC whistleblowing helpline on: 0800 028 0285 (line is available from 8:00 AM to 8:00 PM, Monday to Friday) or email: help@nspcc.org.uk.

Parents or others in the wider school community with concerns can contact the NSPCC general helpline on: 0808 800 5000 (24 hour helpline) or email: help@nspcc.org.uk.

Appendix A: Children and Families Hub flow chart

Appendix B: Essex Windscreen of Need and levels of intervention

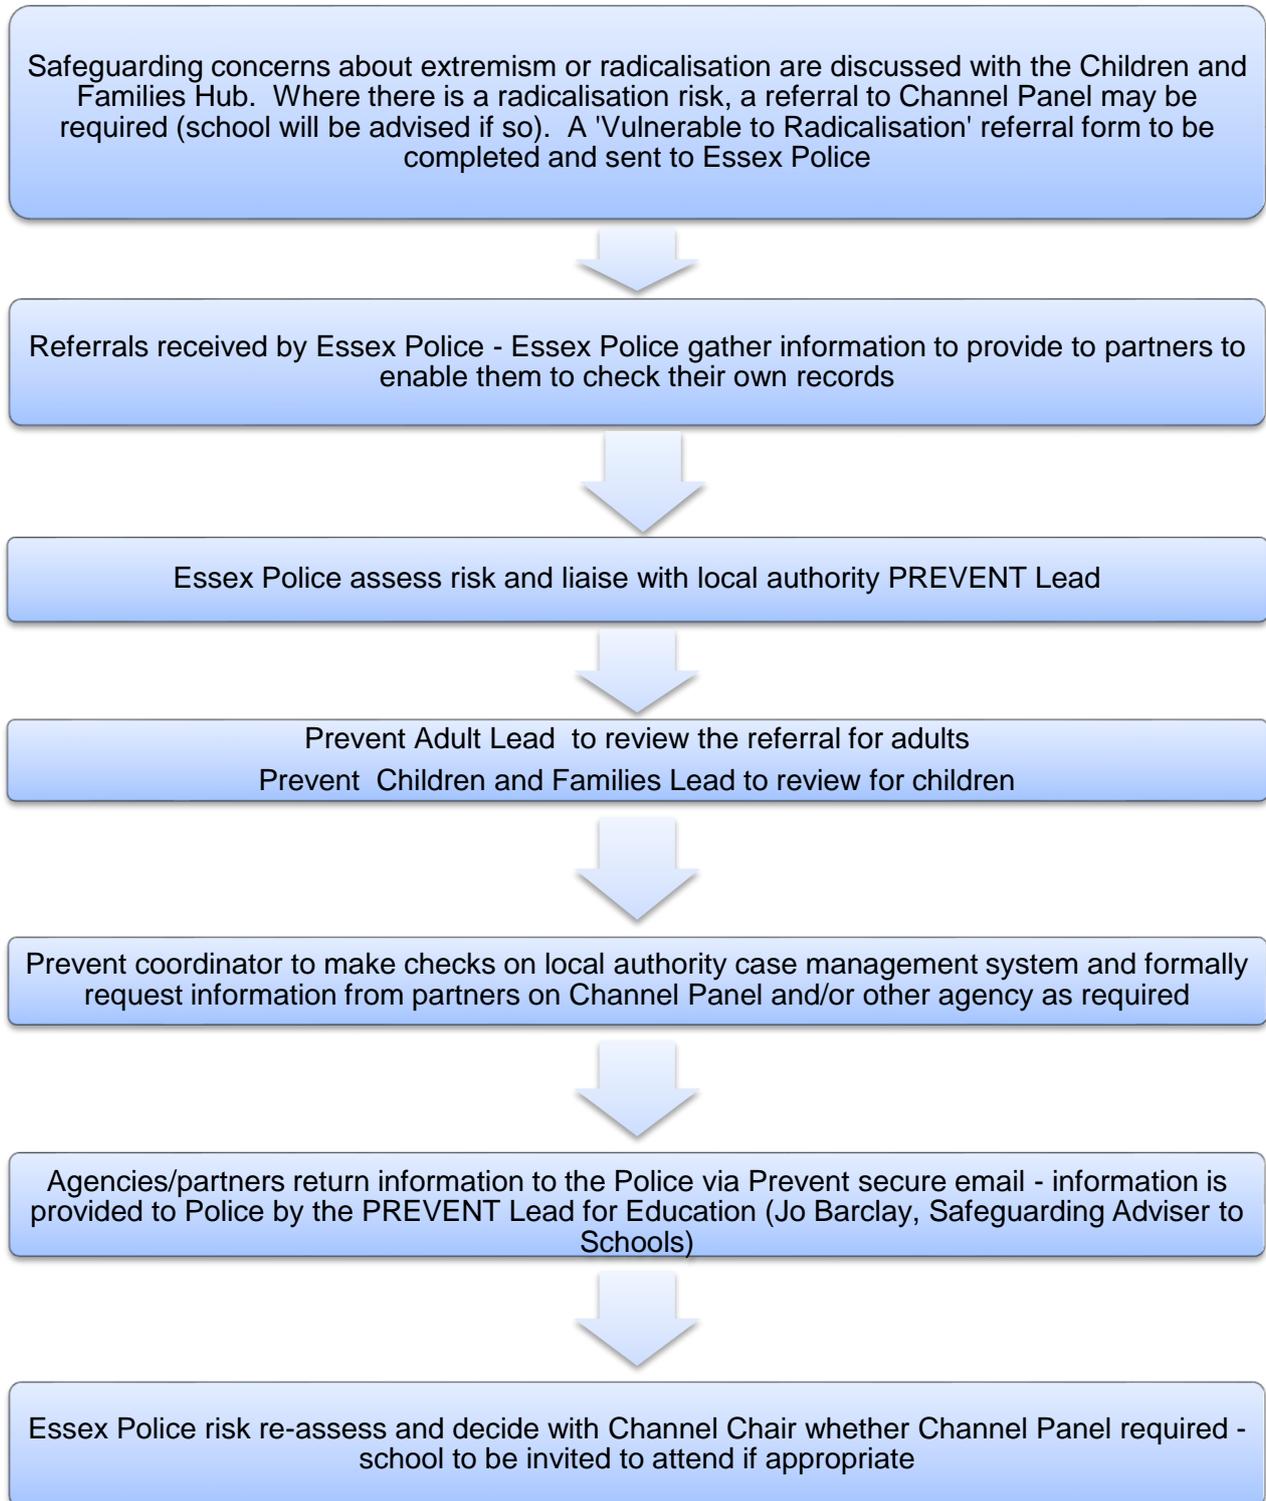

All partners working with children, young people and their families will offer support as soon as we are aware of any additional needs. We will always seek to work together to provide support to children, young people and their families at the lowest level possible in accordance with their needs

Children with **Additional** needs are best supported by those who already work with them, such as Family Hubs or schools, organising additional support with local partners as needed. When an agency is supporting these children, an Early Help Plan and a Lead Professional are helpful to share information and co-ordinate work alongside the child and family.

For children whose needs are **Intensive**, a coordinated multi-disciplinary approach is usually best, involving either an Early Help Plan or a Shared Family Assessment (SFA), with a Lead Professional to work closely with the child and family to ensure they receive all the support they require. Examples of intensive services are children's mental health services and Family Solutions.

Specialist services are where the needs of the child are so great that statutory and/or specialist intervention is required to keep them safe or to ensure their continued development. Examples of specialist services are Children's Social Care or Youth Offending Service. By working together effectively with children that have additional needs and by providing coordinated multi-disciplinary/agency support and services for those with intensive needs, we seek to prevent more children and young people requiring statutory interventions and reactive specialist services

Appendix C: PREVENT Referral Flowchart

Appendix D: Action to be taken when a child goes missing from a school roll

A registered pupil is deemed to be missing when:

- a) He or she fails to attend school without any explanation;
- b) The school has been unable to establish the reason, or locate the pupil with any of the contact names at the last known address, or from intelligence from the wider school community; or
- c) The pupil's parents/carers have not provided any information to indicate a change of education provision, unavoidable cause for the pupil's absence or that the pupil is travelling with them whilst in pursuit of their business.

Pupils deemed at high risk

If a pupil is missing from school and the child is subject to a child protection plan and/or is a looked after child, the school must notify the key worker within the **first 24 hours** of the unauthorised absence if no home contact can be made.

Where it is suspected or known that a pupil is at potential risk or harm, or where the school have information or reason to suspect the pupil has been a victim of criminal activity, notify the Children's Social Care Services and/or the Police Child Abuse Investigation unit immediately, and inform MECE as soon as possible afterwards.

Pupils not deemed at high risk

Days 1-5: Follow existing first day calling / contact procedures

Days 6 -10: Where a pupil has been absent for longer than 5 school days, the school must complete the ['Missing Pupil Checklist'](#). If the child remains missing following these checks, notify MECE (Missing Education and Child Employment Service) by sending a copy of the completed checklist to the relevant MECE allocation panel (not later than the 10th day of absence). Keep a copy of the completed checklist in school and continue appropriate checks on a daily basis.

Days 11-19: Continue to make efforts within the school and assist the LA Investigation Officer and other agencies in the search.

Day 20: If after 20 days of unauthorised absence the pupil remains missing from school, the LA Investigation Officer will write to the school to advise when the pupil can be removed from roll. If a pupil is removed from roll and their destination school is not known, the school must upload the pupil's records using the statutory electronic Common Transfer File (CTF) to the 'Lost Pupils' database

CME may raise potential child protection issues and if schools believe a child or family have gone missing, the child should remain on the school roll until all enquiries have been completed by the school and LA Investigation Officer. The school and LA must record that they have completed these procedures (via Missing Pupil Checklist) before deleting them from the register. Schools cannot remove a pupil from the school roll until reasonable enquiries have been made over a period of no less than four weeks. Schools will be advised of when this has been completed in writing by the LA Investigation Officer.

The [Missing Person Safe Call Team](#) (ESCB) provide a debrief service to children and young people who have recently been missing and have potentially come into contact with gangs or involved in county lines.

Appendix E

Peer on Peer Abuse Procedure - Expected action taken from all staff

Although the type of abuse may have a varying effect on the victim and initiator of the harm, these simple steps can help clarify the situation and establish the facts before deciding the consequences for those involved in perpetrating harm.

It is important to deal with a situation of peer abuse immediately and sensitively. It is necessary to gather the information as soon as possible to get the true facts around what has occurred as soon after the child(ren) may have forgotten. It is equally important to deal with it sensitively and think about the language used and the impact of that language on both the children and the parents when they become involved. For example; do not use the word perpetrator, this can quickly create a 'blame' culture and leave a child labelled.

In all cases of peer on peer abuse it is necessary that all staff are trained in dealing with such incidents, talking to children and instigating immediate support in a calm and consistent manner. Staff should not be prejudiced, judgemental, dismissive or irresponsible in dealing with such sensitive matters.

The following outlines the steps staff must take when dealing with instances of suspected peer to peer abuse:

1. Gather the Facts

Speak to all the children involved separately, gain a statement of facts from them and use consistent language and open questions for each account. The easiest way to do this is not to have a line of questioning but to ask the children to tell you what happened. Only interrupt the child from this to gain clarity with open questions, 'where, when, why, who'. (What happened? Who observed the incident? What was seen? What was heard? Did anyone intervene?)

2. Consider the Intent (begin to Risk Assess)

Has this been a deliberate or contrived situation for a child to be able to harm another?

3. Decide on your next course of action

If from the information that you gather you believe any child to be at risk of significant harm you must make a safeguarding referral to social care immediately, following the usual safeguarding procedures (where a crime has been committed the police should be involved also). If this is the case, once social care has been contacted and have made a decision on what will happen next then you will be informed on your next steps.

If social care and the police intend to pursue this further they may ask to interview the child in school or they may ask for parents to come to school to be spoken to. It is important to be prepared for every situation and the potential time it may take.

It may also be that social care feel that it does not meet their criteria in which case you may challenge that decision, with that individual or their line manager. If on discussion however, you agree with the decision, you may then be left to inform parents.

4. Informing parents

If, once appropriate advice has been sought from police/social care you have agreement to inform parents or you have been allocated that role from the other services involved then you need to inform the parents as soon as possible. If services are not going to be involved then equally, this information may need to be shared with parents.

In all circumstances where the risk of harm to the child is evident then the school should share the information with their parents. The nature of the incident and the type of harm/abuse a child may be suffering can cause fear and anxiety to parents whether their child is the child who was harmed or who harmed another.
